

HALOK® REPLACEMENT & NEW INSTALL OPTIONS

REPLACEMENT FOR EXISTING HALOKS

Replacement kit for units with an existing HALOK.
Hub base must be undamaged.

- 8406-000-94A HALOK INTERLOCK ASSEMBLY

NEW HALOK INSTALL OPTIONS

Field Installation (Bolt-on hub base):

Bolt-on HALOK kit for units with no prior HALOK.
Applies to Axxiom units with a 5-lug closure only (**serial # required**).

- 8408-000-79 HALOK RETROFIT (FIELD INSTALLATION)

Axxiom Factory Installation (Welded hub base):

Factory installed HALOK to the existing closure lid for units with no prior HALOK(no hub base) or a damaged HALOK hub base.

Applies to Axxiom units with a 5-lug closure only (**serial # required**).

**Please note: The closure lid will need to be sent to Axxiom for this rework.
(An RMA will need to be requested from Axxiom prior to the lid return.)**

- 8407-000-60 HALOK, INSTALL ON USED EQUIPMENT
- 8407-000-60C HALOK, (W/CAMLOCKS) INSTALL ON USED EQUIPMENT
- 8407-000-60CL HALOK, (W/CAMLOCKS & LOCKOUT) INSTALL ON USED EQUIPMENT

CLOSURE REPLACEMENT

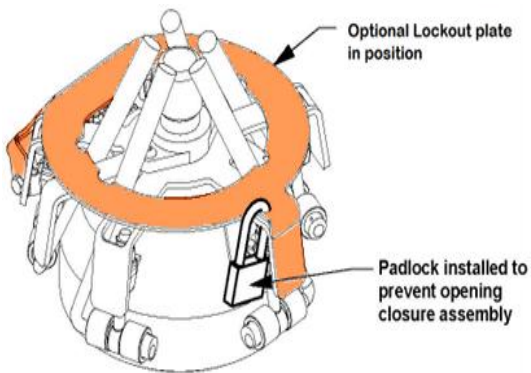

Complete closure replacement w/ HALOK for Axxiom/Schmidt units with a damaged closure or closure lid (**serial # required**).

Please note: This option will require installation by an ASME shop.

- 8408-000-47 CLOSURE W/HALOK & WELD RING (NEW FIELD INSTALLATION)

OPTIONAL HALOK LOCKOUT

Bolt-On HALOK LOCKOUT for units with existing HALOK assembly.

- 8408-000-82 HALOK LOCKOUT RETROFIT (FIELD INSTALLATION)
